

## Towel Care Card

You're about to use a House towel. This towel is approximately 28" x 29" and was handmade in Hamburg, New York. These towels are pre-washed and pre-shrunk, are 100% cotton and lint-free.

To retain the ideal shape and softness of the towel, follow the recommended care instructions here:

- Launder by hand
- Line dry
- Remove creases with a steamy iron

### Further care instructions

- It is possible to wash the towels in the washer, using a cold cycle. You may dry at regular heat in the dryer.
- If you care for the towels this way, expect some very minor shrinking and very slight puckering around the lettering after the first cycle in the washer and dryer.
